My dear Sir:

Reference is made to your communication of May 14, 1942, with which you transmitted a map on which it was requested that the location of the post office at Camp Carson be shown.

Please be advised that we are unable to furnish this information at this time as the camp is still under construction and the buildings to be used for the post office have not yet been constructed. We will furnish this information as soon as possible.

Respectfully yours,
