IMPORTANT.—A map showing the location of your post office must be submitted with the return of this paper. A highway map such as prepared by State, county, or local agencies is preferred, if it can be furnished without expense to the Department. Be sure, however, to mark on it the exact site of the post office, placing a small dot in the proper square or block and on the proper side of the street.

If no map can be furnished it is necessary to draw a sketch on one of the diagrams below.

INSTRUCTIONS

These diagrams are furnished simply to make it easier to draw a sketch that will show correct distances from your post office.

SQUARE DIAGRAM

Use this diagram if your post office is located in an area described by section, township, and range, and you have filled in line 3 on the other side. Otherwise use the circular diagram.

Place a small dot representing your post office in the proper quarter-section and fill in the blanks for township and range numbers.

Then draw the following features: (Note that one-half inch on the paper equals 1 mile on the ground.)

- Adjacent post offices (show with small dots and name).
- Railroads (show by single line with cross marks; name).
- Highways (show by double lines close together and mark U. S. and State numbers; name in margin the post office to which each road leads).
- Rivers, creeks, lakes, etc. (show by wavy lines and name).
- County line (show by dashes).

CIRCULAR DIAGRAM

Use this diagram if your post office is NOT located in an area described by section, township, and range.

Let the dot in the center of the circle represent your post office.

Then draw the features a, b, c, d, and e, as described above. (Note the scale of this diagram: One-quarter inch equals 1 mile.)

Range 68 E. or W. N

Scale: 1/2 inch equals 1 mile

DIAGRAM, EXPLANATION, AND INSTRUCTIONS

Indicate upon the diagram the site of the post office by placing a dot in the proper quarter section.

The surrounding offices should be accurately located and the names plainly written.

Draw distinctly the railways, roads, rivers, and creeks.

The post office is situated in the 21 W quarter of section No. 8
in Township 13 N. or S., Range 6 E. or W., of the 22 principal meridian.

In localities not surveyed by the U. S. Land Office, a sketch is requested.

Post Office Department,

OFFICE OF THE FIRST ASSISTANT P. M. GENERAL

WASHINGTON, D. C.

Sir: Before the Postmaster General decides upon the application for the establishment of a post office at Green Mountain Falls, County of El Paso, State of Colo., it will be necessary for you to carefully answer the subjoined questions, get a neighboring postmaster to certify to the correctness of the answers, and return the location paper to the Department, addressed to me. If the site selected for the proposed office should not be on any mail route now under contract, only a "Special Office" can be established there, to be supplied with mail from some convenient point on the nearest mail route by a special carrier, for which service a sum equal to two-thirds of the amount of the salary of the postmaster at such office will be paid.

You should inform the contractor, or person performing service for him, of this application, and require him to execute the inclosed certificate as to the practicability of supplying the proposed office with mail, and return the same to the Department.

Very respectfully,

A. E. Stevenson
First Assistant Postmaster General.

To Mr. J. M. Cook,
care of the Postmaster of Colo. Spgs., who will please forward to him.
